

Algunes reflexions dels problemes a abordar en I+D+I en aigua

Manel Poch

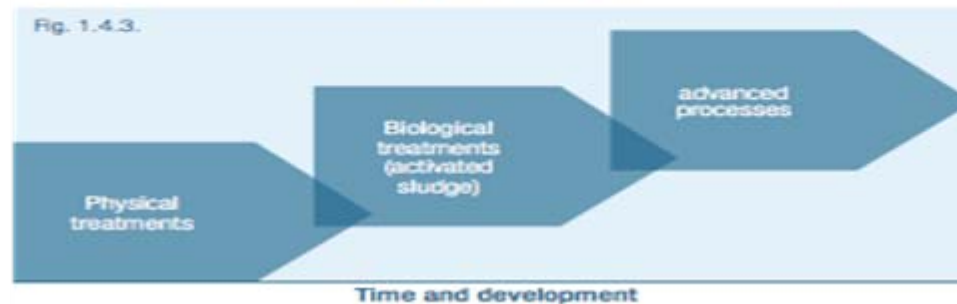

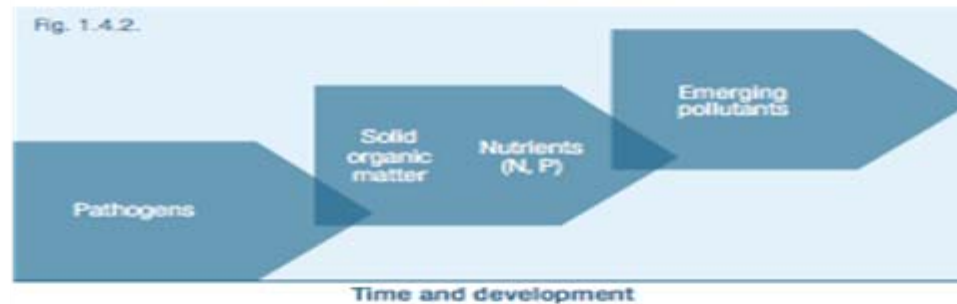

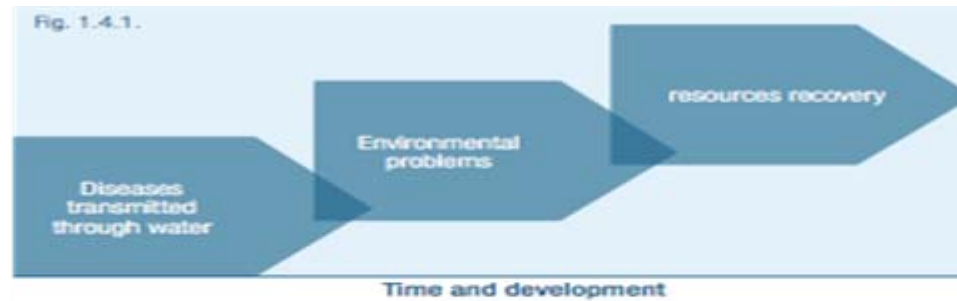

Hi ha el cicle natural...

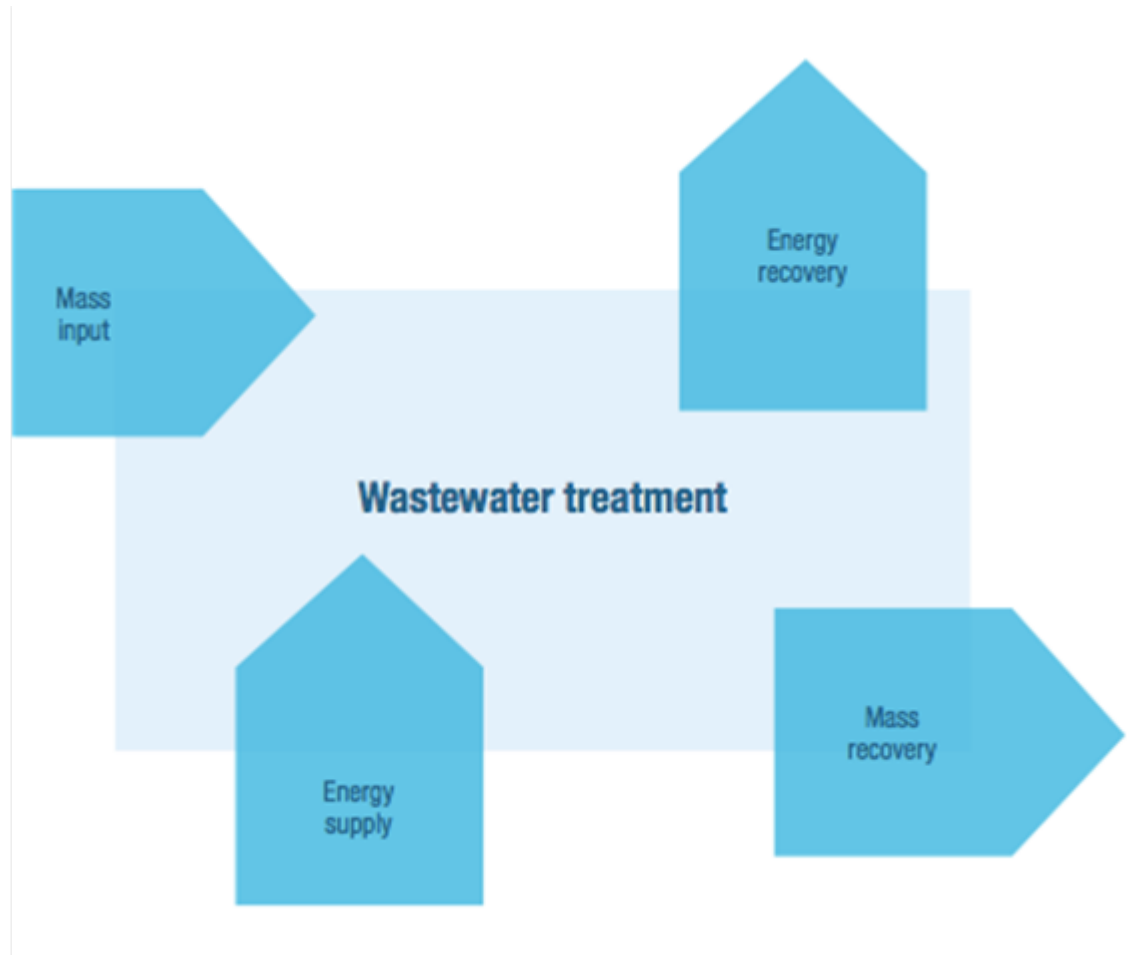

I el cycle antròpic...

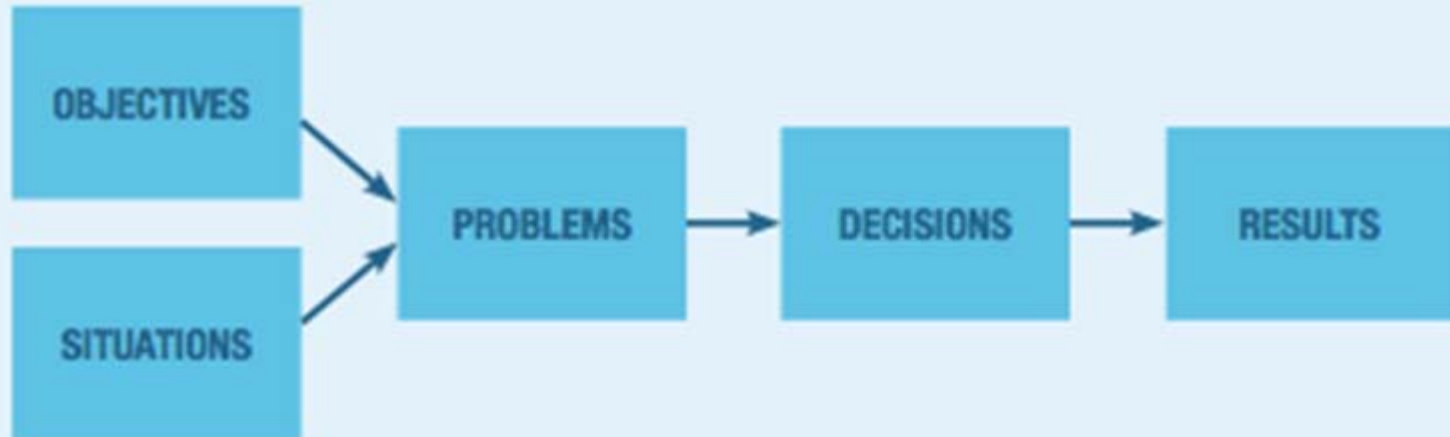

Com hem anat evolucionant...

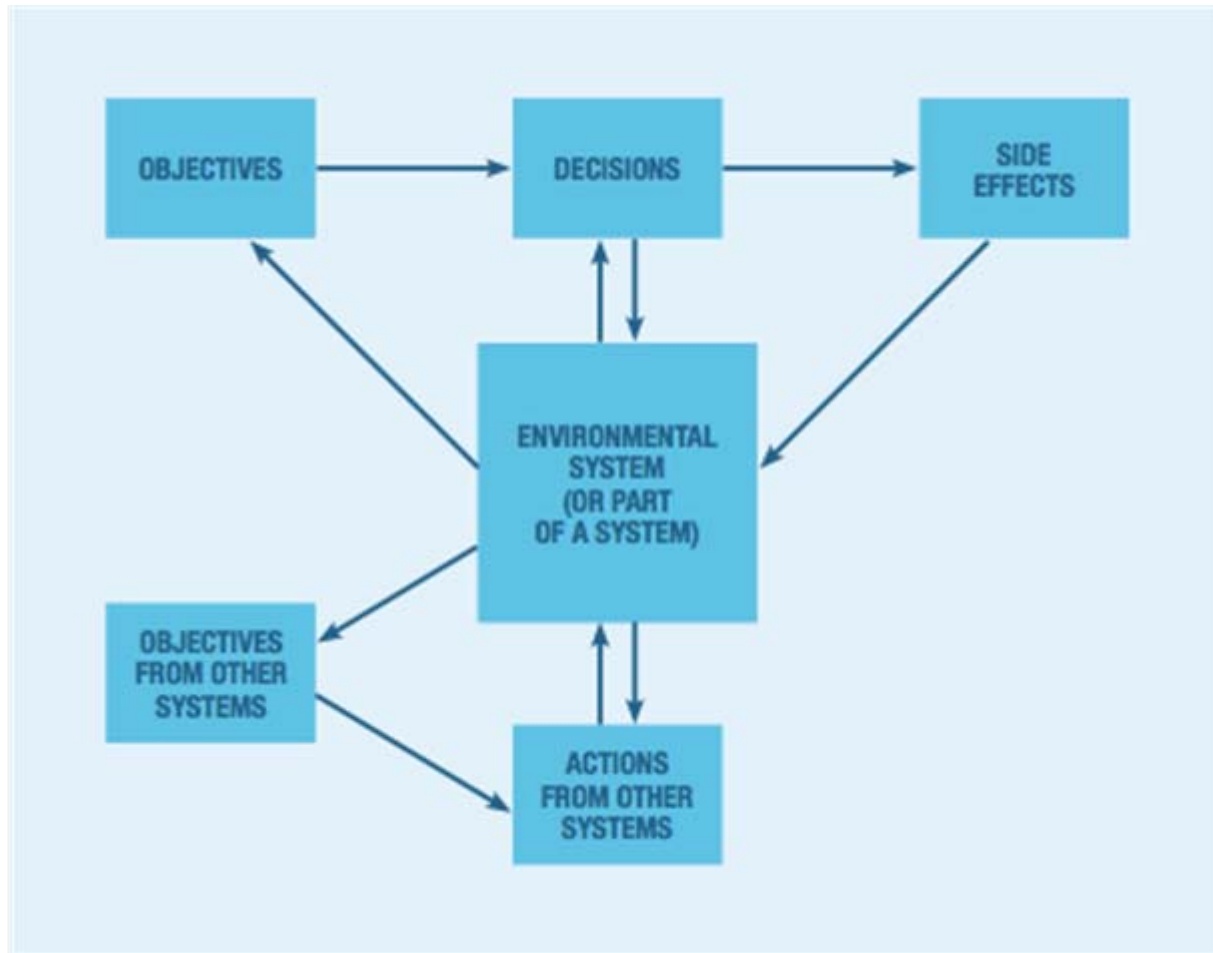

Resource recovery, not wastewater treatment

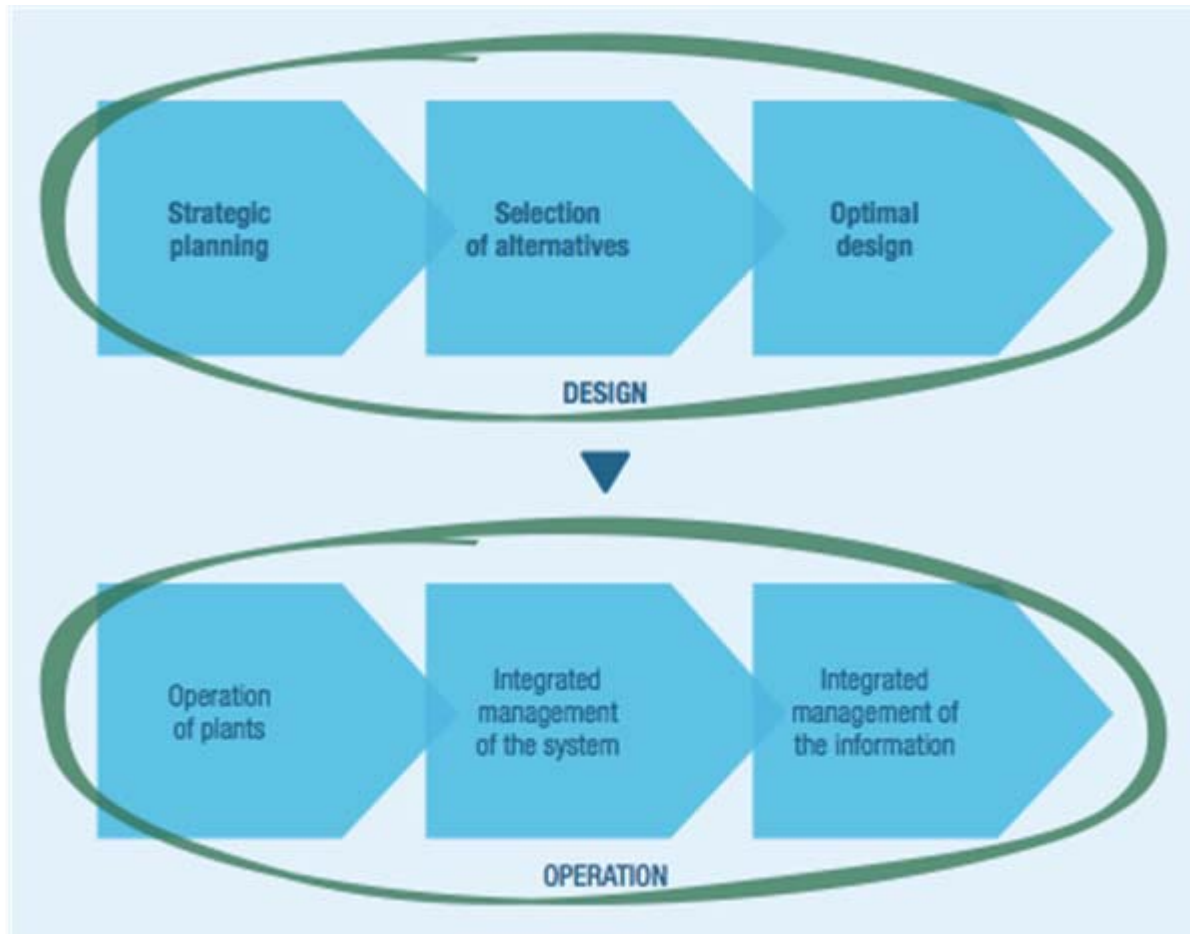

Una constatació col·lateral...

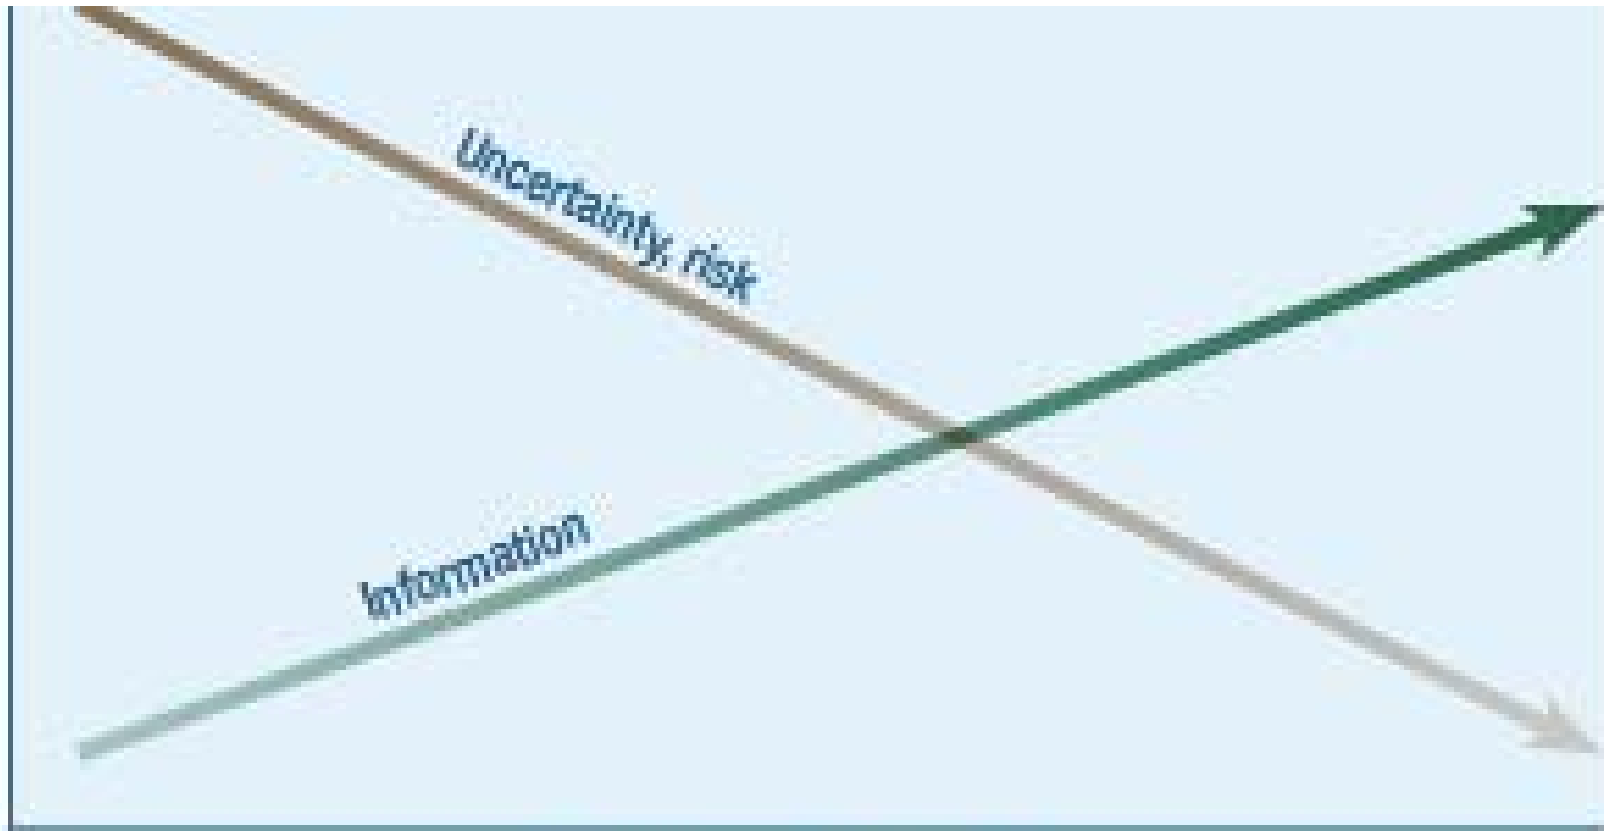

Hem d'abordar la complexitat

Hem de reconèixer diferents nivells

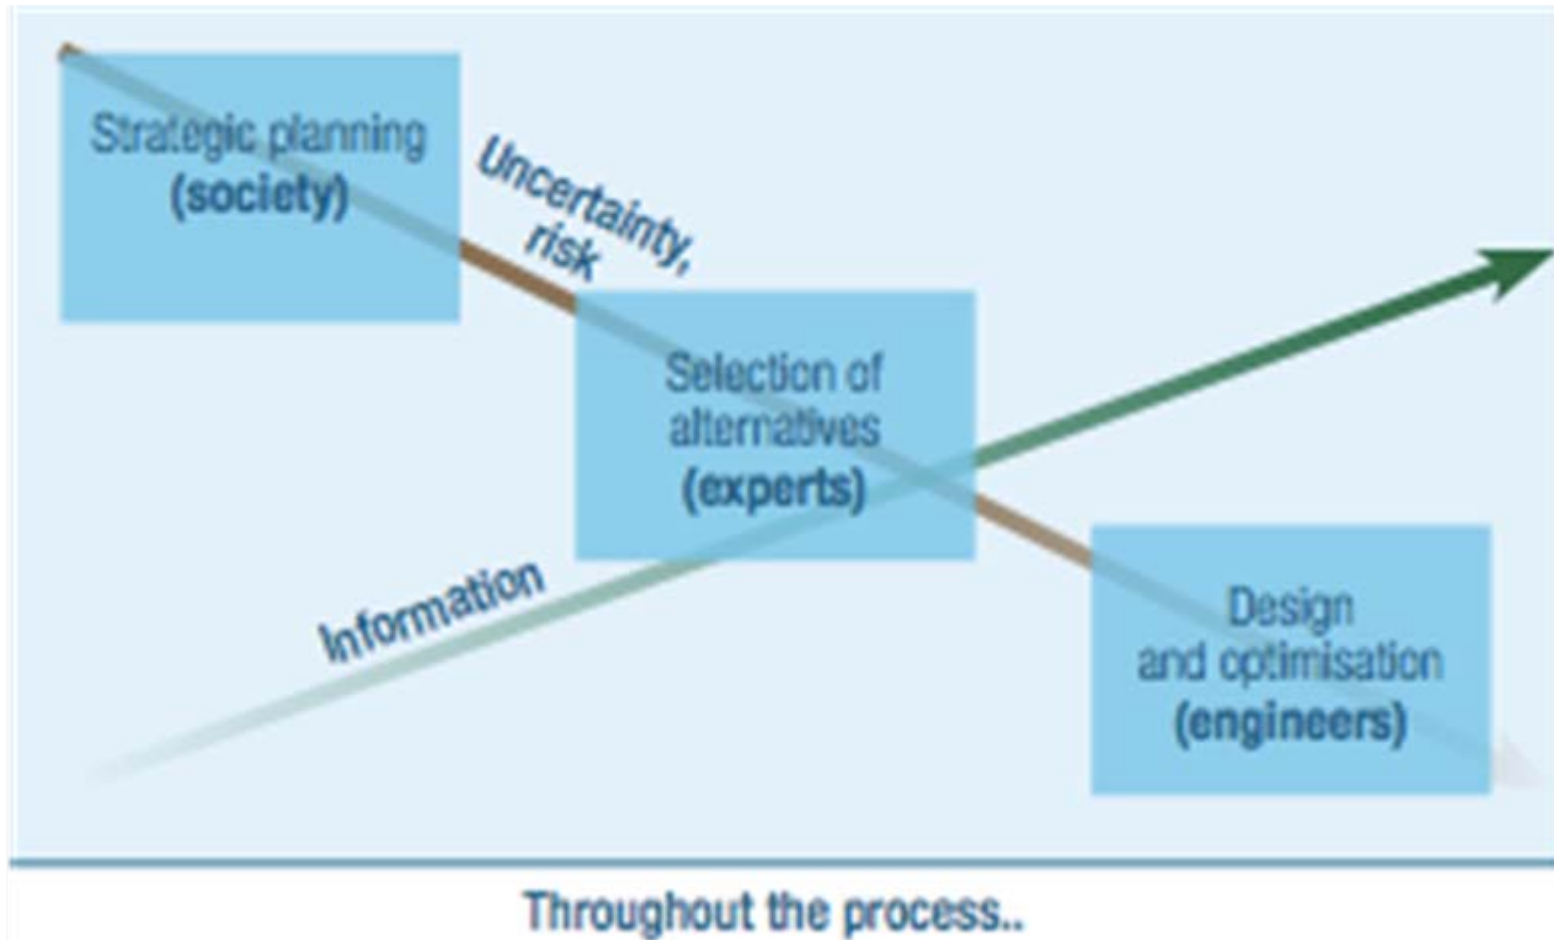

Diferents impactes...

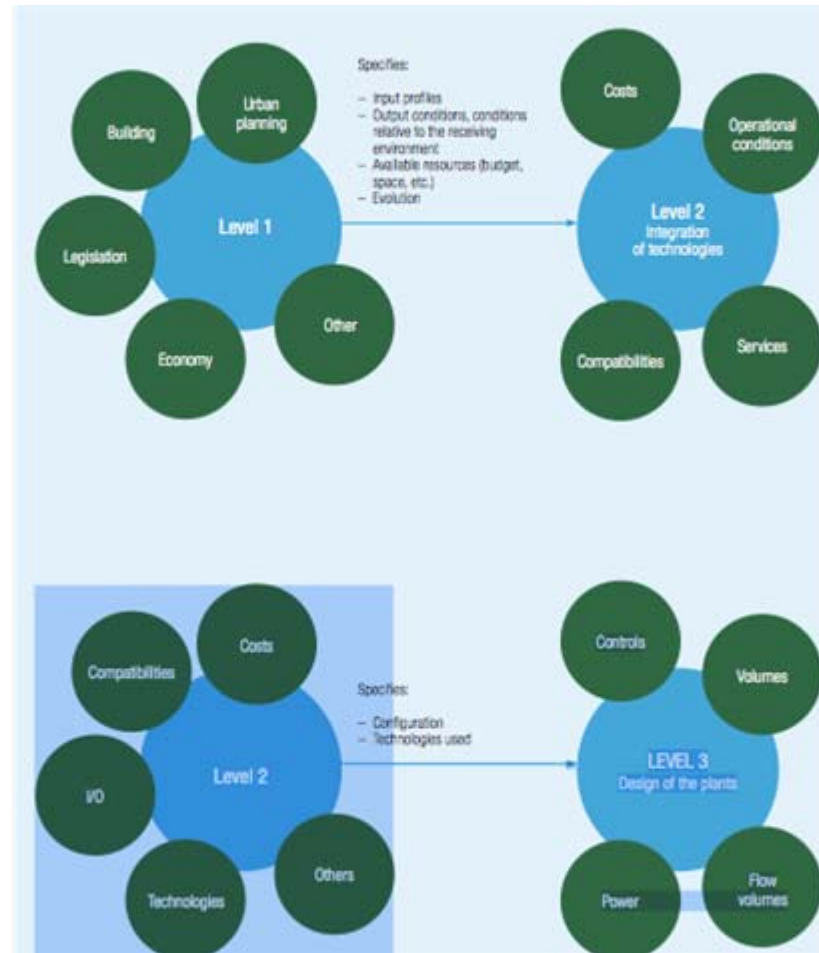

Throughout the process..

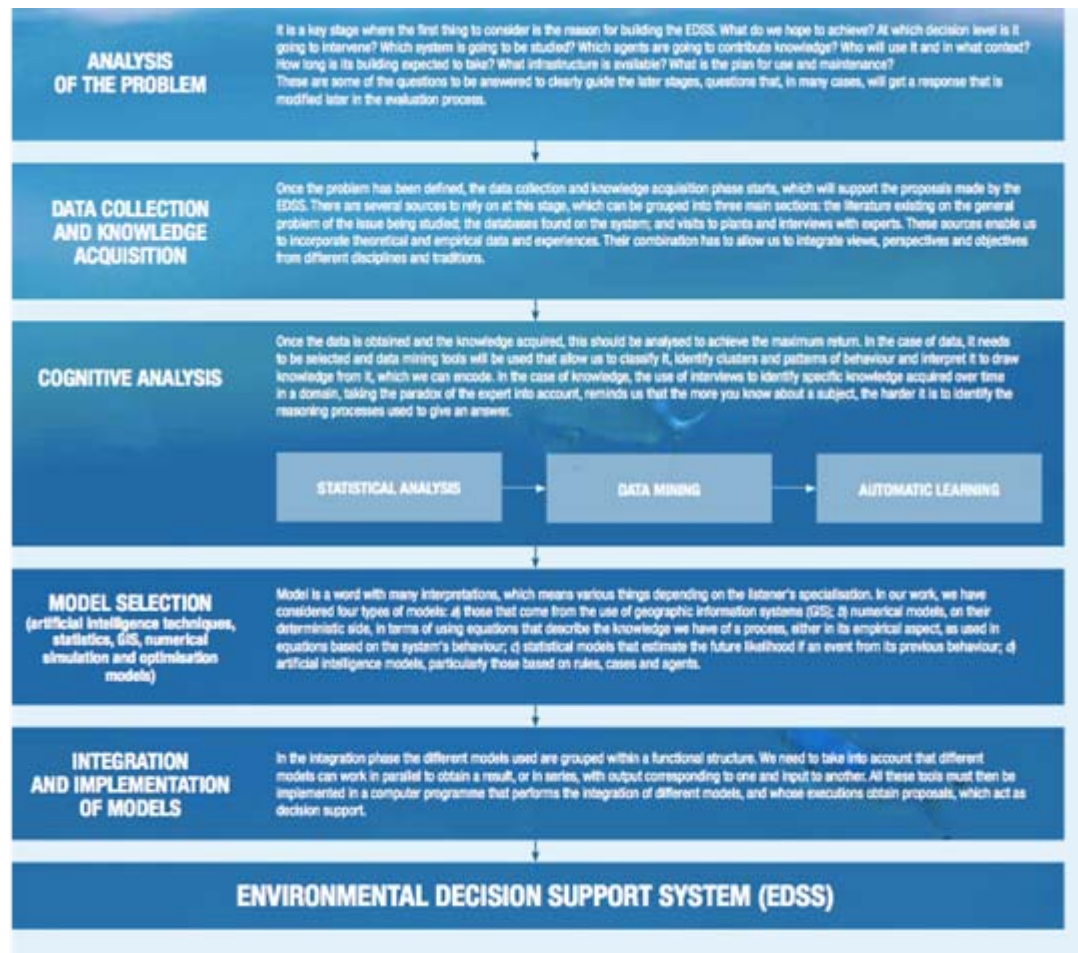

Diferents agents que prenen les decisions...

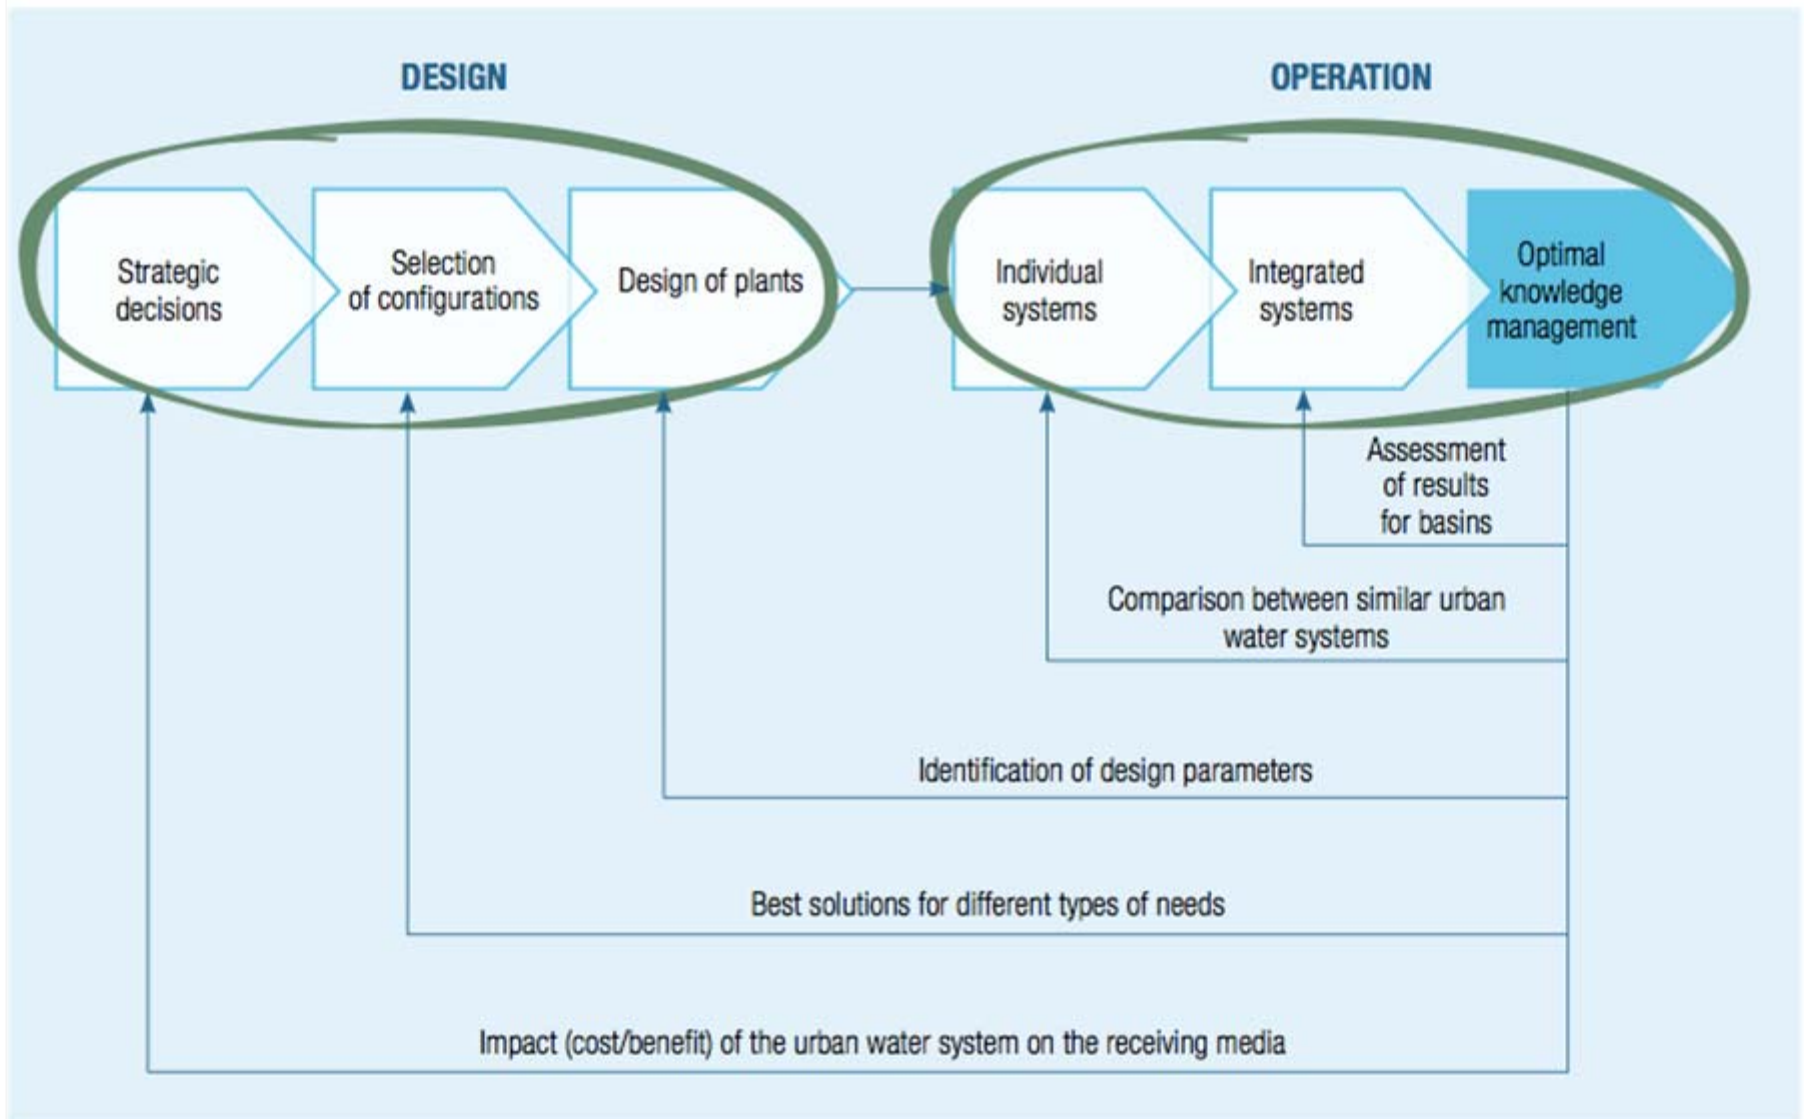

Un exemple...

Una eina...els EDSS

AI final...
