

With the support of the  
Erasmus+ Programme  
of the European Union

## Erasmus +: Erasmus Mundus Master Courses (EMMCs)

### 2022 Student scholarships application

### **Selection Committee results – March 7<sup>th</sup> 2023**

Three lists are presented on the following pages:

1. Partner Country Student Ranking
2. Programme Country Student Ranking
3. List of Ineligible Candidates

For eligible partner and programme country students the rank, the applicant number and the applicant country are listed. The criterion for which the applicant failed is listed for the ineligible candidates. All applicants will be sent an individual email with their scores for each of the five evaluation categories. This email will be sent from the University of Cádiz. You should check your spam folders if you have not received it by Friday.

The list is preliminary. Candidates are given until midnight CET on March 17<sup>th</sup> to submit any complaints. Complaints must be submitted through the online form at

<https://skjemaker.app.uib.no/view.php?id=14476267>

No complaints by email will be considered or answered. No complaints will be accepted after the deadline. Only one complaint form will be accepted per student. Multiple forms will be deleted. Complaints will be handled by the Selection Committee, and its decision is final. Only mistakes by the committee will be considered and corrected – it is not enough that you disagree with our evaluation. The complaint must point to a clear and obvious mistake. *Only complaints that can prove that a mistake has been made will be answered by the Selection Committee!*

An updated list will be published after the Selection Committee has evaluated the complaints. This published list should be regarded as preliminary until this happens. No scholarships are awarded on the basis of the preliminary lists.

Based on the final list the Selection Committee will award a number of Partner and Programme Country scholarships. *No more than 3 students from the same country may be awarded a scholarship.*

As it looks now, we will offer 13 Partner Country studentships and 3 Programme Country studentships. Approximately 7 additional scholarships will be awarded to applicants from specific targeted regions. These are distributed using a combination of rankings and geographical background, and not on rankings alone. The regions that are likely to receive an extra scholarship are

Region 11 – Region 11: African, Caribbean and Pacific group of states

Region 6 – Asia, least developed countries

Region 3 – Southern Mediterranean countries

With the support of the  
Erasmus+ Programme  
of the European Union

Region 8 – Latin America remaining countries

Region 1 – Western Balkans (2 studentships)

Region 12 – Gulf countries

This means a total of 23 scholarships.

After the final ranking lists are finalized the Selection Committee sends the list of candidates to be offered a scholarship to the EACEA. Upon EACEA approval these candidates will be contacted by a separate email with an official offer. The remaining candidates will be placed on a waiting list, as applicants may reject our offer of scholarship.

All lists have been approved by the Selection Committee in its meeting on March 7<sup>th</sup> 2023.

**Bergen, March 10<sup>th</sup> 2023**
