

At Paris International we are looking to recruit interns to work with us in the coming months. Over the years we have regularly welcomed Spanish interns into our company.

Paris International is a travel agency specialised in language services for tourists and business visitors to Paris. Every year we welcome over a thousand important visitors from all over the world. We offer tour guides, interpreters and translators in all the major languages of the world. We also provide simultaneous and consecutive interpreters and translations, including sworn translations, of official documents. If you would like to find out more about our company, please feel free to have a look at our website:

We are offering two work placements with our agency to language students who are completing their compulsory year abroad in 2019/20. The placements offered are full-time internships of 6 months. The students will be assigned a mentor who will work closely with them and monitor their work throughout the internship, giving them more responsibility as they progress.

This is an ideal placement for people interested in languages and tourism. The internship fulfils all ERASMUS requirements for work placements abroad and is a good opportunity to improve students' French language skills. **We require a working knowledge of either French or English from all candidates, as these are the primary languages in which our business is conducted.**

For 2019, the legal internship stipend is 3.75 € per hour for a maximum of 35 hours of work per week. In addition, Paris International reimburses a monthly Public Transport Pass for Paris.

We will require a CV with a photo of themselves and cover letter in either French or English from all applicants to be sent to stagiaires@parisinternational.fr and we are willing to conduct interviews over the phone if candidates cannot make it to Paris. We are looking for people to start from 20 June 2019 onwards.
