WINTER 2020 LIBRA INTERNSHIP PROGRAM

Overview
The Libra Internship Program offers a paid opportunity for undergraduate students to intern with the Libra Group and its global subsidiaries. Internship roles are available in social responsibility, finance, engineering, human resources, accounting, hotel operations and more.

Program Features
**Paid Placement** – All interns are placed on the local payroll. Libra will directly book and pay for flight(s) to orientation, accommodation for orientation week and flight(s) to and from the internship location. Interns are responsible for their housing arrangements. Before arrival, Libra will provide you with a housing guide and if applicable, connect you with interns in the same location if you are seeking roommates.

**Mentor Program** – The mentor program provides interns with access to both senior executives and junior-mid level employees who will help facilitate their professional development, daily task management and serve as the point of contact throughout the entirety of their internship experience.

**Professional Development** – Each program intake commences with an orientation where interns are introduced to key Libra executives from across our worldwide operations and participate in team-building activities with their peers. Ongoing professional development is provided throughout the duration of the internship through virtual workshops ranging from resume writing and business communication to organizational/time management skills and negotiation skills.

Requirements
- Be at least 18 years of age
- Be a currently enrolled undergraduate student at the time of application*
- Be fluent in English
- Have a minimum cumulative GPA of at least 3.0/4.0 (USA)
- Must be available for mandatory program dates: January 27 – May 8, 2020

*International students are eligible to apply and Libra will work with interns through the visa process.

How to Apply
Submit your application at [www.librainternship.com](http://www.librainternship.com) - the application deadline is April 15, 2019 at 5:00pm EDT. Please be advised that Libra does not accept applications or resume submissions from external systems, so you must apply directly through the Libra Internship Program website in order to be considered for the Winter 2020 program.
