

**DHI Job Opportunity FEMA Risk MAP Program Management
DHI Water & Environment
Risk MAP Regional Program Management Liaison and Technical Specialist
Several Available Positions**

The Accenture/DHI team is performing the national program management for the Risk MAP Program of the Federal Emergency Management Agency (FEMA). As part of its requirements is the staffing of one or more persons in each of the ten federal regions to perform program management functions, technical support, technical methodology review, coordination, teambuilding and stakeholder outreach efforts. DHI is seeking expressions of interest from qualified personnel who would be interested in joining the team to fulfill both regional liaison and technical roles.

GENERAL CANDIDATE CAPABILITIES

The position requires a combination of program management skills, technical knowledge of the National Flood Insurance Program's mapping program, and strong communication and relationship building skills. The candidate should be experienced with program management processes and skill domains, including Earned Value Management (EVM), program planning and scheduling, change control, risk and quality management. The candidate must also be technically qualified, in one or more fields: hydrology and hydraulics, coastal hydrodynamics, hazard mitigation, GIS and a thorough understanding of flood mapping processes.

WORK FACTORS

Successful hires will be working in or near the FEMA Mitigation Branch regional offices. They must be able to work well on their own with little day to day direction, although national oversight and management is implied. They will report to a national director of the regional liaisons. Travel will be about 20% of their time.

QUALIFICATIONS

The position requires the following graduate degree options, a Bachelors, Masters or Ph.D. Degree in Science or Engineering with a minimum of 10 yrs experience in directly relevant fields, progressive responsibility in program and project management and proven strong communication skills, verbal and written. Project Management Professional (PMP) certification is desired, but not required. Selected candidates will be expected to obtain certification within 12 months of hire.

DHI is committed to equal employment opportunity. We will not discriminate against employees or applicants for employment on any legally recognized basis ["protected class"] including, but not limited to: veteran status, uniform service member status, race, color, religion, sex, national origin, age, physical or mental disability or any other protected class under federal, state or local law.

Under the Immigration Reform and Control Act (IRCA) our company is required to verify the identity and work authorization of all newly hired employees. Therefore, you will be required to complete the I-9 form upon hire. Within three business days of beginning employment, you will need to supply acceptable documentation (as noted on the I-9 form) of your identity and work authorization.

Please send an email or letter of interest and resume via email to Linda Lupu at lil@dhi.us or call (503) 827-5900
