BARCELONA WORKSHOP ON REFERENCE (BW9)

Unity and Individuation of Structured Propositions

DATE: 22-24 June 2015

VENUE: Residència d’Investigadors, C/Hospital, 64, just off the Rambla
http://www.resa.es/Residencias/Investigadors

Co-organized by Bjørn Jespersen and Manuel García-Carpintero (LOGOS).

FULL LIST OF SPEAKERS:

Jeffrey King (Rutgers), ‘Naturalized propositions and fineness of grain’
Scott Soames (Southern California), ‘Cognitive propositions: objections and responses’
Peter W Hanks (Minnesota), ‘On cancellation’
Gary Ostertag (CUNY), ‘Propositions and the logical form of predication’
Peter Pagin (Stockholm), ‘Propositions vs structured meanings’
Marie Duží (VSB), ‘If structured propositions are logical procedures, then how are procedures individuated?’
Lorraine Keller (Niagara), ‘Logical form, LF, and propositional structure’
Bjørn Jespersen (Barcelona), ‘Unities of the proposition’
Geoff Georgi (West Virginia), ‘Propositions, representation, and fineness of grain’
Bryan Pickel (Edinburgh), ‘Structured propositions and the problem of truth’
Indrek Reiland (Rice), ‘Predication, the content-force distinction, and the Frege-Geach problem’
John A. Keller (Niagara), ‘Does compositionality entail complexity?’
