

### Invited speaker

- **Dr. Jacqueline M. Stephens**

Pennington Biomedical Research Centre and Louisiana State University, Baton Rouge, Louisiana, United States

# ***“Novel Functions of STAT5 proteins in adipocytes”***

### Short talks:

- **Dr. Laura Herrero, Universitat de Barcelona.** "Targeting brown adipose tissue lipid metabolism to combat obesity"
- **Dr. Nuria Cassals, Universitat Internacional de Catalunya.** "Time profile of hypothalamic endocannabinoids in response to a high fat diet"
- **Dr. Josep Julve, IIB-Sant Pau.** "Overexpression of human apolipoprotein A-I enhances weight gain in db/db mice"

Organized by *Dr. David Sánchez-Infantes, PhD. Obesity and T2DM Group Leader.*  
*Institut Germans Trias i Pujol.*

Image design: *Dr. Rubén Cereijo*

**Date:** September 26th, 2018

**Time:** 10:30 h – 14:00 h

**Location:** Sala Pere i Joan Coromines, Institut d'Estudis Catalans, Carrer del Carme 47, Barcelona.

## NOVEL FUNCTIONS OF STAT5 PROTEINS IN ADIPOCYTES

### Invited speaker:

**Dr. Jacqueline M. Stephens, Pennington Biomedical Research Centre and Louisiana State University, Baton Rouge, Louisiana, United States**

**Date:** September 26th, 2018

**Time:** 10:30 h – 14:00 h

**Location:** Sala Pere i Joan Coromines, Institut d'Estudis Catalans, Carrer del Carme 47, Barcelona.

### **Program:**

**10:30h-11:15 h Jacqueline M. Stephens, Pennington Biomedical Research Centre**

"Novel Functions of STAT5 proteins in adipocytes"

**11:15h-11:45 h Coffee break**

**11:45h-12:15 h Laura Herrero, Universitat de Barcelona**

"Targeting brown adipose tissue lipid metabolism to combat obesity"

**12:15h-12:45 h Nuria Casals, Universitat Internacional de Catalunya (UIC)**

"Time profile of hypothalamic endocannabinoids in response to a high fat diet"

**12:45 h-13:15 h Josep Julve, Institut d'Investigacions Biomediques Sant Pau (IIB-Sant Pau)**

"Overexpression of human apolipoprotein A-I enhances weight gain in db/db mice"

**13:15 h-13:30 h Closing remarks**

*Organized by Dr. David Sánchez-Infantes, PhD. Obesity and T2DM group leader, Institut Germans Trias i Pujol*
