

II CONGRÉS DE BIOLOGIA DE L'SCB  
4th MetNet International Annual Meeting

# Organ crosstalk in the control of metabolism

4th May 2018

Societat Catalana  
de **BIOLOGIA**

Institut d'Estudis Catalans  
Carrer del Carme 47, Barcelona

9:00-9:20 **Wellcome**

9:20-10:00 **Marc Donath** (University of Basel, Switzerland) | Crosstalk between resident immune cells and endocrine cells in pancreatic islets

10:00-10:40 **Maria Mittelbrunn** (Centro de Biología Molecular Severo Ochoa, Madrid) | Immunometabolism in inflammatory diseases and aging

10:40-11:00 Selected short talk  
11:00-11:30 Coffee break

11:30-12:10 **Paula Mera** (Facultat de Farmàcia, Universitat de Barcelona, IBUB) Bone endocrine regulation of energy metabolism

12:10-12:50 **Manolo Tena-Sempere** (Universidad de Córdoba) Metabolism and reproductive function

12:50-13:30 Selected short talks (2)  
13:30-15:00 Lunch

15:00-15:40 **Sylvia Boj** (Foundation Hubrecht Organoid Technology, Utrecht, Netherlands) | Organoids as model systems for the study of metabolism

15:40-16:20 **Josep C. Jiménez-Chillarón** (Institut de Recerca Sant Joan de Déu, Esplugues-Barcelona) | Epigenome-wide association study in childhood obesity

16:20-17:00 **Mariona Graupera** (IDIBELL, Barcelona) Role of the endothelium in the control of metabolism

17:10-19:00 Drinks and networking

*Organizers:*

Rosa Gasa & Joan-Marc Servitja (IDIBAPS)
