SPECIAL SEMINAR
Wednesday, July 19th 12AM (Midday), 2017

ADDRESSING THE CHALLENGES OF LUNG FIBROSIS

Professor Dr. Yuben Moodley
(MBBS MD Natal, PhD W Aust, FRACP)
University of Western Australia

University of Barcelona
Faculty of Medicine (Clinic)
Department of Biomedicine
July 19th 12AM (Midday), 2017
Aula 11 (ROOM 11)

Biosketch
Professor Yuben Moodley (MBBS MD Natal, PhD W Aust, FRACP) is the head of the Stem Cell Unit, in the Lung Institute of Western Australia. Dr. Moodley is a Medical Consultant of Respiratory Pathology at the Royal Perth Hospital, and Associate Professor of Respiratory Medicine at the University of Western Australia.

His main interests in research are:
• To find biomarkers spurred by the diagnosis and monitoring of lung entities such as Idiopathic Pulmonary Fibrosis and Chronic Obstructive Pulmonary Disease,
• Investigate the mechanisms of repair and fibrosis to find new therapies to treat lung disease.
