From the mónUB / Students portal: [http://www.ub.edu/monub/ajuda/index_en.html](http://www.ub.edu/monub/ajuda/index_en.html), click on "Access to the online form for set your password and obtaining your id"
Step 1: Fill your ID number, Spanish ID (DNI), resident ID number(NIE) or passport number, and date of birth. If you are a new undergraduate student, the DNI must be written without letter.

Step 2: Once you've completed and sent the form, you'll receive instructions and a link to create a new password at the personal email address on record in your file. If you are a newly enrolled student, your registered email address will be the one you used during the admission process.

You will receive the following message with the link that will allow you to configure the password. Attention: the link is valid for 24 hours.
Step 3: Set the password following the instructions and note that the screen also informs you of the assigned 4-character identifier.

You have already set the password ...

And you can access to the student intranet of the mónUB portal.
Remember that the screen asks for the assigned username (4-character identifier) and the password that you have set.
