UNIVERSITAT DE BARCELONA

1st. Erasmus Staff Week 2010-2011

We are pleased to announce the 1st ERASMUS STAFF WEEK of the Universitat de Barcelona (UB), as part of the Lifelong Learning Programme/Erasmus, which will take place from 14th to 18th March 2011.

This week offers participants the opportunity to get to know the UB and its International Campus of Excellence. Twenty places will be available to the technical-administrative staff of our Erasmus partners. No more than two participants per University/Institution will be accepted.

Application procedures

Technical-administrative staff wishing to participate in the 2010-2011 International Staff Training Week at the UB should send their application form to carmengarciam@ub.edu by Monday 31st January 2011. In case the number of applications exceed the number of places available, candidates will be informed about their acceptance by the first week of February 2011. After the selection procedure, the participants will receive further information about the programme of the week.

Travelling and accommodation costs must be covered by the participants' home universities. Participants from European universities are advised to apply for Erasmus Staff Training grants.

Visitors are encouraged to bring information about their own university: leaflets, flyers and short presentations describing their institution will be welcome.
