PROGRAMES DE MOBILITAT INTERNACIONAL. RECONeixEMENT D'ASSIGNATURES

Assignatures que podreu reconèixer:

- ✓ Obligatòries i optatives amb correspondència:
 - Correspondència entre els programes i nombre de crèdits (al voltant d'un 85%-90%).
 - Prohibicions:
 - Matèries que per les seves característiques no poden ser reconegudes (d'òrbita important o costada).
 - Assignatures prèviament reconegudes (s'ha de reconèixer una assignatura única).
- ✓ Optatives sense correspondència:
 - Matèries estrangeres interessants per complementar acadèmic, quan a Barcelona no hi ha un equivalent (ex: marketing). Han de tenir a veure amb l'àmbit acadèmic de l'estudiant. A la U.B. se'ls dona el nom genèric d'optatives Erasmus i es dona el mateix nombre d'ECTS que té l'assignatura a l'estranger.

En el cas dels estudiants d'ADE les optatives de la menció han de ser amb correspondència, no poden ser optatives Erasmus.

A wide-angle photograph of a modern library interior. The space is filled with rows of bookshelves and study tables. A prominent feature is a mezzanine level with a curved black metal railing, overlooking the main study area. Several students are seated at tables, some reading and others using laptops. The lighting is bright and even, highlighting the clean, organized environment. The ceiling has exposed ductwork and long fluorescent light fixtures. The walls are a mix of brick and concrete.
