

Migrations: The Migrant Crisis of 2015 from the approach of the civil society in Hungary

manipulation-co-creation-impact-resilience

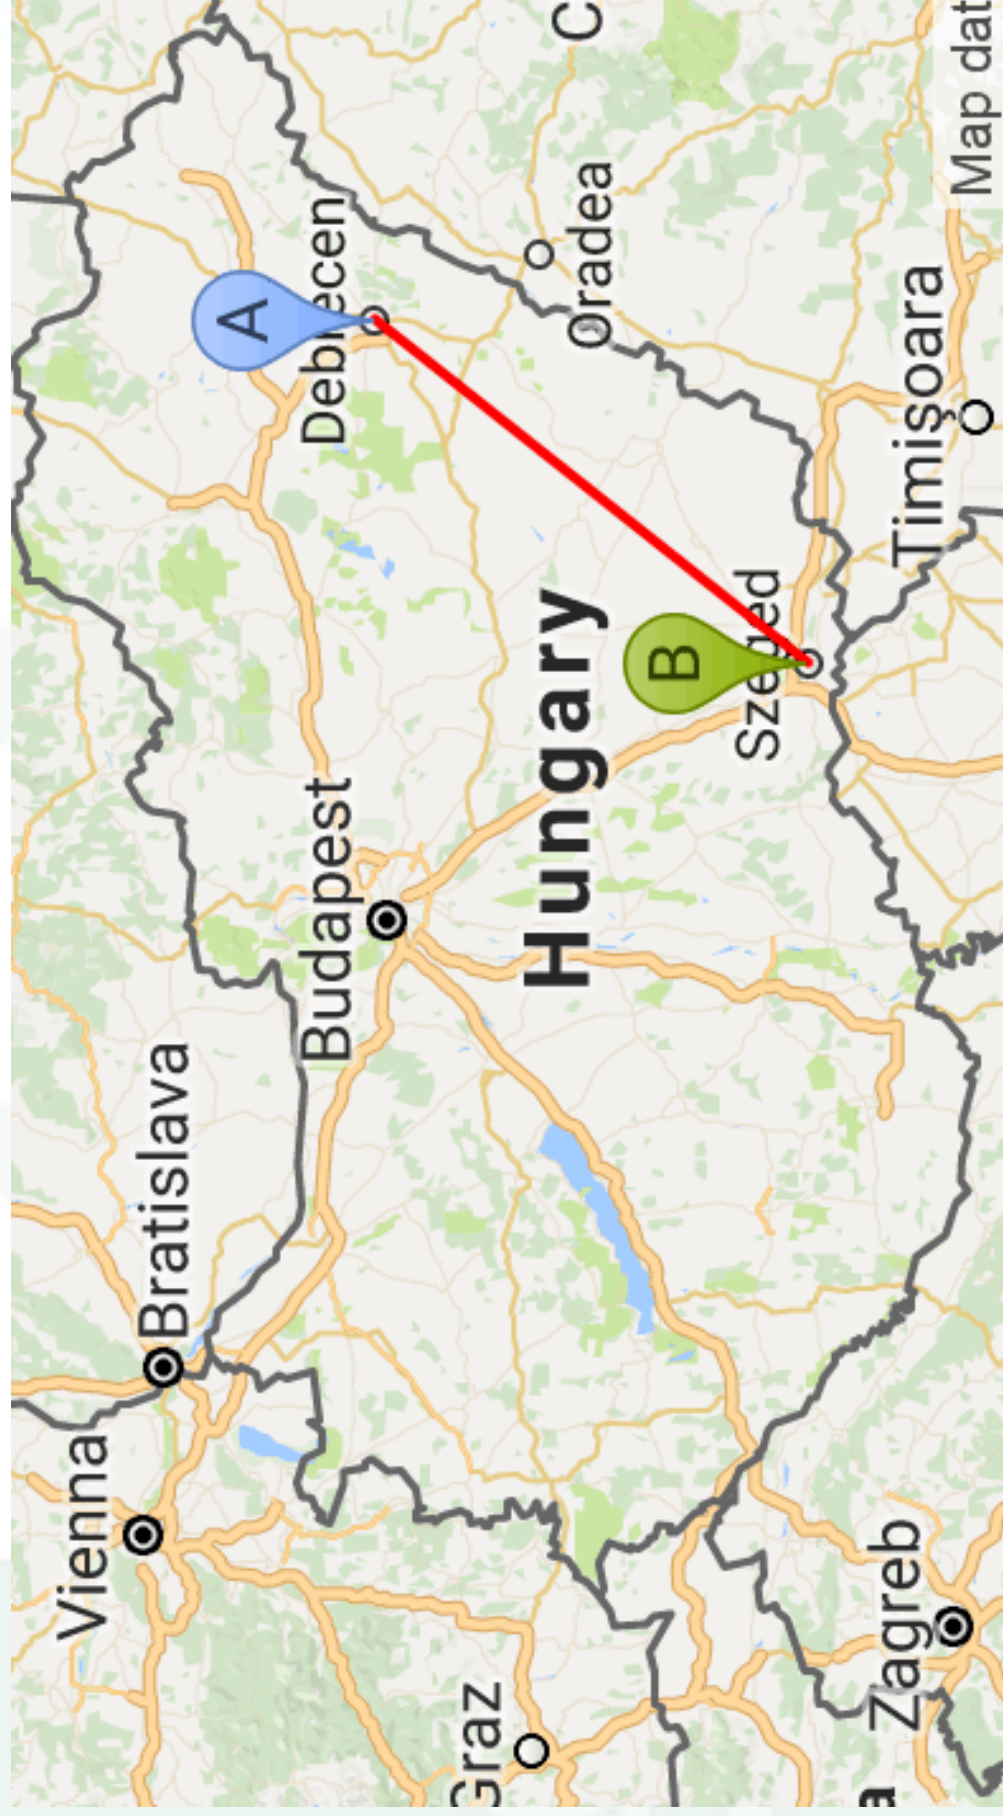

Giczey Péter

ÉLETFA Help Service Association

How it happend?

- Summer 2015 - Debrecen, Hungary
- Phone call
- Facebook group - over 200 members
- Civic activities: distributing water, food, clothes, medicine, first aid, electricity information, find family members

Volunteer of The Year 2015

Dr. Aida El-Seaghi

Manipulation

- There are no refugees – Hungary is a transit country toward Western European countries - transportation
- Iron fence on the Southern border
- Governmental narrative:
 - „We defend the christian Europe”
 - „Hungarians don't want to live under the rules of saria”
 - Migrants will take our jobs and will rape our wives and daughters”

Questions

- What is the impact of this situation?
- What to do in case of negative manipulation of:
 - Civic society?
 - Science?
 - Business?
 - Government?
- What can be effective resilience?
