

Request for collection of laboratory hazardous waste and replacement of waste packaging

FOR/MAM/001

GENERALS DATA

Centre			
Building		Floor	
Department		Date	
Laboratory			
Applicant first & last name			
e-mail		Telephone	

COLLECTION REQUESTED

Group	Volume (litres)							Observations
	0.5	5	10	30	60	120	200	
Halogenated compounds								
Non-halogenated compounds								
Organic or high COD solutions								
Inorganic compounds								
Inorganic acids								
Inorganic bases								
Mineral oils								
Highly hazardous								
Contaminated solids								
Contaminated packaging								
Biohazardous (sanitary waste group III)								
Cytotoxic (sanitary waste group IV)								

Indicate the number of drums to remove from each group based on their volume (checked boxes only). If you have obsolete pure reagents, keep them in the original container and make a list using the form FOR/MAM/002.

MATERIAL REQUEST

Description	Image	Volume	Quantity (units)
Liquid chemical drum (small mouth)		0.5 litres	
		5 litres	
		10 litres	
Solid chemical drum (wide mouth)		5 litres	
		10 litres	
Crossbow drum (for containers of empty reagents and contaminated solids)		60 litres	
		120 litres	
		200 litres	
Sharp chemo-box (Group III sanitary waste)		5 litres	
		10 litres	
Biohazardous container (Group III sanitary waste)		30 litres	
		60 litres	
Cytotoxic container (Group IV sanitary waste)		30 litres	
		60 litres	
Box for bottles and containers of expired reagents		-----
