

SHORTLIST OF UNDERGRADUATE COURSES IN ENGLISH AND OTHER RECOMMENDED COURSES

To study at the Faculty of Education you must understand and/or speak fluently in at least one of these languages: **Spanish, Catalan or English**

You should choose your courses based on the language of instruction in which each course is taught and on your proficiency in Spanish, Catalan or English.

If your fluency in Catalan or Spanish is not very good you must choose courses from the shortlist below. We recommend the courses in this shortlist either because they are taught in English or because the faculty has decided such courses are most appropriate for international students with little command of Catalan or Spanish.

Whenever you click on '+info' (see next pages) you will see a screen like this one. To help you interpret the screen you have the English version in the balloons.

This will help you to programme your class timetable avoiding course clashes
