

January 2024 - Exams Master Nanoscience and Nanotechnology

Monday	Tuesday	Wednesday	Thursday	Friday
8	9	10	11	12
9:00-12:00		9:00-12:00		9:30-12:00
Synthesis and processing of nanomaterials		Colloidal systems and supramolecular devices		Nanosensors
	15:00-18:00			
	Nanoscope Systems in Drug Delivery			
			14:00-18:00	
	Modelling and Simulation		Nanosystems for medical diagnosis	
15	16	17	18	19
9:00-12:00	9:00-12:00	9:00-12:00		9:00-12:00
Characterization and manipulation at the nanoscale	Characterization and manipulation at the nanoscale	Nanomagnetism and Spintronics		Nanomagnetism and Spintronics
			15:00-17:00	
			Bioavailability, efficacy and toxicity. In vitro in vivo evaluation.	
22	23	24	25	26
9:00-12:00	9:00-12:00	9:00-12:00	9:00-12:00	
Nanomaterials	Nanomaterials	Nanomaterials	Nanomaterials	
29	30	31	1	2
9:00-12:00		15:00-18:00		
Surface Science & Analysis		Pharmaceutical Nanotechnology		

June 2024 - Exams Master Nanoscience and Nanotechnology

Monday	Tuesday	Wednesday	Thursday	Friday
3	4	5	6	7
		9:00 - 12:00	9:00 - 12:00	
		Nanomanufacturing and nanoprocessing in clean room environment	Nanomanufacturing and nanoprocessing in clean room environment	
10	11	12	13	14
9:00 - 12:00		9:00 - 12:00		9:00 - 12:00
Nanobiotechnology		Analytical and high resolution Transmission Electron Microscopy		Nanoenergy
17	18	19	20	21
9:00 - 12:00		9:00 - 12:00		9:00 - 12:00
Magnetic Techniques: Spectroscopies and Imaging		Nanocatalysis		Nanophotonics
