

# BRIDGING COURSES (BC)

## COMPLEMENTS FORMATIUS / COMPLEMENTOS FORMATIVOS (CF)

BC are courses for those that did a BSc with little background on Genetics \*

Do you need them?

**NO**

**YES** →

### Bridging Module

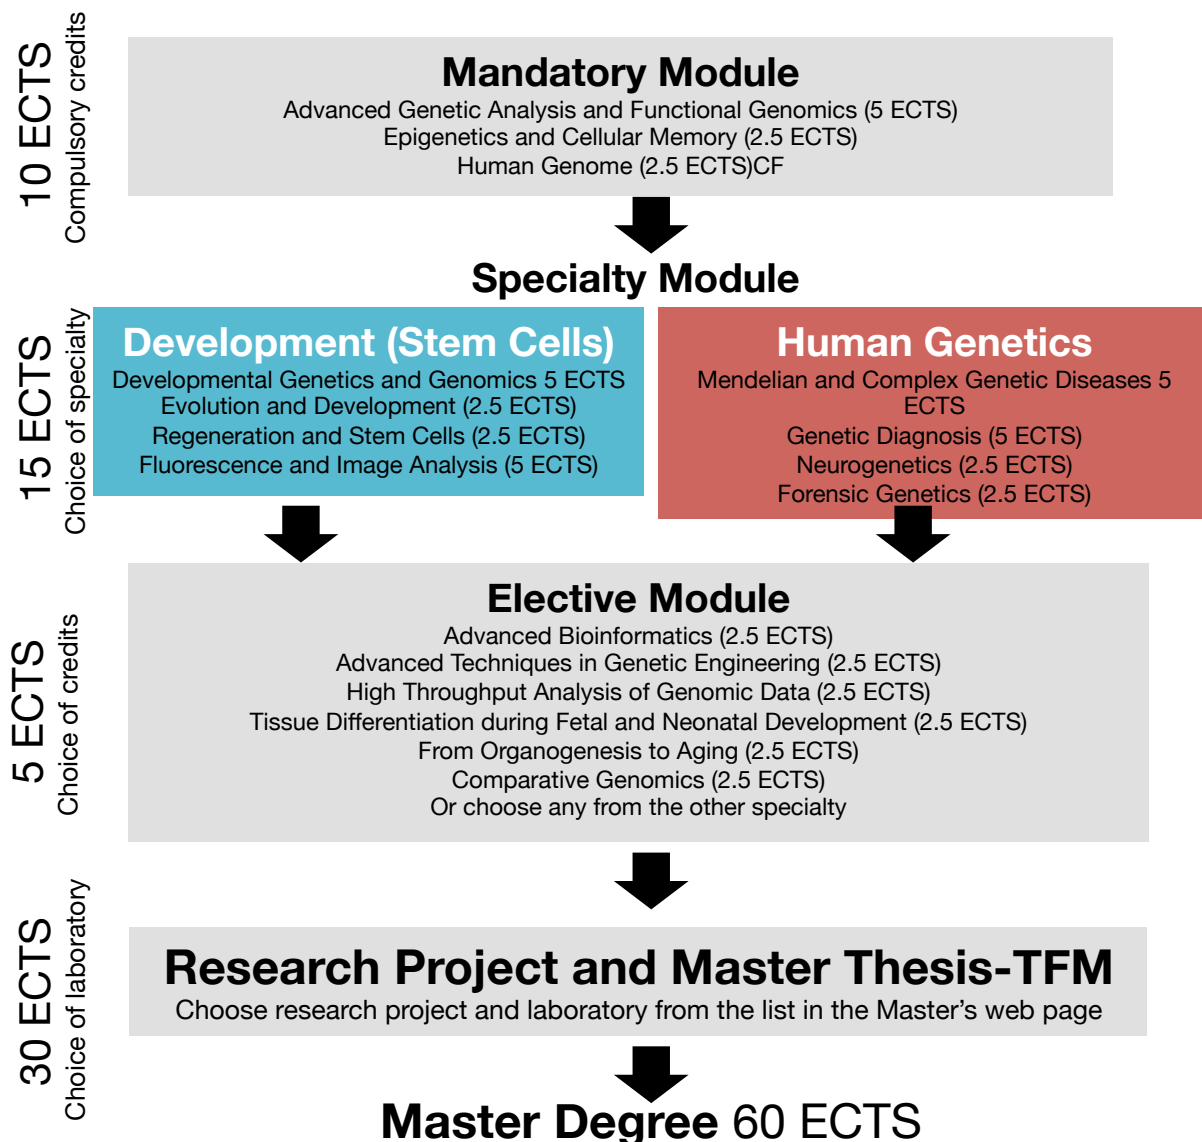

(in Spanish)

Cell Biology (Semester1) 6 ECTS  
 Molecular Genetics (Semester1) 6 ECTS  
 Genetic Engineering (Semester2) 6 ECTS  
 Genetic Analysis (Semester2) 6 ECTS

If during your BSc, you did not get enough curriculum on Genetics and Molecular Biology, you better start with the Bridging Module and follow the master in 2 years. \*

If you need just one or two extra BM courses you could enrol the MGG in addition to these.\*

## MASTER IN GENETICS AND GENOMICS

\* The decision to be admitted in the MGG and follow these CF courses will be taken by the admissions committee.
