

Abans

The image displays three pages from a manuscript, likely a Latin edition of Aristotle's works. The central page (2r) features a title in Latin: "COMMENTARIJ IN VNIVERSAM ARISTOTELIS PHYSICAM PRIMA QVINTA DE BEATITVDE". Below the title is a large, ornate illuminated initial 'D' containing a circular design. The text on the right side of the central page is partially visible, starting with "Dicitur autem in his..." and "Dicitur autem in his...". The left and right pages are mostly blank, showing the texture of the parchment and some staining.
