I, Conxa Planas, Secretary of the University of Barcelona Language Policy Committee,

DO CERTIFY: that at the regular meeting held on 24 October, the Language Policy Committee approved the following language requirements for applications and forms

1. These types of documents must be available, at least, in Catalan. By default, such documents will be internally distributed in Catalan, except where, for reasons related to the specific recipients, it is advisable to distribute them in another language as well. The right of private individuals to complete such documents in Spanish must also be recalled.
2. Such documents will be externally distributed (i.e. outside the UB) in accordance with the following criteria:
 - In Catalan, when Catalan is an official language in the target regions, except where, for reasons related to the specific recipients, it is advisable to distribute them in another language as well.
 - For documentation to be distributed in non-Catalan-speaking areas, a bilingual version should be prepared:
 - i. In Catalan and Spanish, when Spanish is an official language in the target regions and Catalan is not.
 - ii. In Catalan and English, when neither Catalan nor Spanish are official languages in the target areas. Consideration shall be given to the possibility of using the official language of the target region instead of English, wherever possible.
3. For the online distribution of these documents, via the UB's institutional website, the publication of Spanish or English versions will be linked to the Spanish and English versions of the UB's website.

In witness whereof, and although the minutes containing this resolution will not be approved until the next meeting, I hereby sign this certificate with the Chair's approval.

Barcelona, 27 October 2008

Approved
The Chair

Jordi Matas Dalmases
