PhD programmes
- Advanced Studies in Artistic Production
- Analytical Chemistry and the Environment
- Aquaculture
- Art and Education
- Besieged Reality: Concept, Process and Artistic Experimentation
- Biodiversity
- Biomedicine
- Biotechnology
- Brain, Cognition and Behaviour
- Business
- Citizenship and Human Rights
- Clinical Health Psychology
- Cognitive Science and Language
- Contemporary Philosophy and Classical Studies
- Drug Research, Development and Control
- Earth Sciences
- Ecology, Environmental Sciences and Plant Physiology
- Economic History
- Economics
- Education and Society
- Educational Psychology
- Electrochemistry. Science and Technology
- Engineering and Applied Sciences
- Erasmus Mundus in Fetal and Perinatal Medicine
- Food and Nutrition
- Gender Studies: Cultures, Societies and Policies
- Genetics
- Geography, Land Planning and Environmental Management
- History of Science
- Information and Communication
- International Doctorate in Transdisciplinary Global Health Solutions
- Law and Political Science
- Linguistics, Literary and Cultural Studies
- Marine Sciences
- Mathematics and Computing
- Medicine and Translational Research
- Medieval Cultures
- Nanosciences
- Nursing and Health
- Organic Chemistry
- Physical Activity, Physical Education and Sport
- Physics
- Psychology of Communication and Change
- Social and Organizational Psychology
- Society and Culture: History, Anthropology, Art and Heritage
- Sociology
- Teaching and Learning of Sciences, Languages, Arts and Humanities
- Theoretical Chemistry and Computational Modelling

More than 900 active research projects and some 600 doctoral theses defended (2019-2020)

The most prolific publisher of scientific output in Spain
6,305 papers
Agreements with 166 of the 200 best universities in the world
(THE World University Ranking)

89% employment rate among master’s degree graduates
(2020)

The most innovative university in Spain
(Boletín Top 100)

60,500 students currently at the UB
10,500 international students

Completeness accommodation options:
3.186 halls of residence, 6 affiliated halls of residence, 11 UB student residences with 15 private residences

More than 800 specific master’s degrees and postgraduate programmes
74 bachelor’s degrees
48 doctoral programmes, all available in English

1 UB student residence, 6 affiliated halls of residence, 3 UB halls of residence, 1 UB student residence

8,000m2 of sports and health facilities

National leader in the foremost international rankings
183rd worldwide
90th worldwide

The only Spanish member of the League of European Research Universities (LERU)

The most productive university
in the world

6,305

Total
150
European Higher Education Area master’s degrees, 29 with the MUI Seal of Excellence and 1 Erasmus Mundus master’s degrees

More than 1,000 international agreements

3,754
international agreements

2,271
students on exchange programmes

100,000 sq m
of sports and health facilities

8,000 m2
of sports and health facilities

About

Study
at the University of
Barcelona

Educational offer in English

ub.edu/international

Bachelor’s degrees
- Bioinformatics
- Business Administration and Management
- English Studies
- International Business
- Physiotherapy
- Tourism

Master’s degrees
- Arts and Humanities
  - Analytical Philosophy
  - Applied Linguistics and Language Acquisition in Multilingual Contexts
- Engineering
  - Artificial Intelligence
- Health Sciences
  - Bioinformatics for Health Sciences
  - Erasmus Mundus in Leading International Vaccinology Education (Live)
  - Erasmus Mundus in Work, Organizational and Personnel Psychology
  - Translational Medicine
- Sciences
  - Advanced Mathematics
  - Astrophysics, Particle Physics and Cosmology
  - Cognitive Science and Language
  - Erasmus Mundus in Nanoscience and Nanotechnology
  - Erasmus Mundus in Public Policy (Mundus MAPP)
  - Erasmus Mundus in Theoretical Chemistry and Computational Modelling
  - Erasmus Mundus Master in Quality in Analytical Laboratories European Master in Nuclear Physics
  - Fundamental Principles of Data Science
  - Nanoscience and Nanotechnology
  - Paleontology and Fossil Record
  - Photonics
  - Plant Biology, Genomics and Biotechnology
  - Pure and Applied Logic
  - Research in Behaviour and Cognition
  - Reservoir Geology and Geophysics
  - Theoretical Chemistry and Computational Modelling
- Social Sciences and Law
  - Economics
  - Erasmus Mundus in Global Markets, Local Creativities
  - Erasmus Mundus in Public Policy (Mundus MAPP)
  - Erasmus Mundus in Work, Organizational and Personnel Psychology
  - Labour Economics
  - International Business
  - International Development
  - International Relations
  - International Security
  - Law
- UB-specific master’s degrees
  - Global Health
  - Integrated Design Using Autodesk BIM Tools
  - International in Fetal-Maternal Medicine
  - Logistics and International Trade

Erasmus Mundus Master in Work, Organizational and Personnel Psychology
Erasmus Mundus in Global Markets, Local Creativities
Erasmus Mundus in Public Policy (Mundus MAPP)
